Quick-Acting, Long-Lasting Nutrition with Copper DDP®

- Scientifically designed for better plant availability and earlier nutrient uptake
- Guaranteed analysis of 57.5% copper
- Vastly lower levels of heavy metals than other sources of copper, ensuring worker and environmental safety
- [Learn how](#) yield increase can be provided through Cu DDP nutrition.

More Feeding Sites

With patented EvenCoat™ Technology, Wolf Trax Copper DDP is coated onto every granule of an N, P, K or S fertilizer blend. This results in blanket-like distribution of copper across the field, placing the nutrients closer to plant roots for earlier uptake.

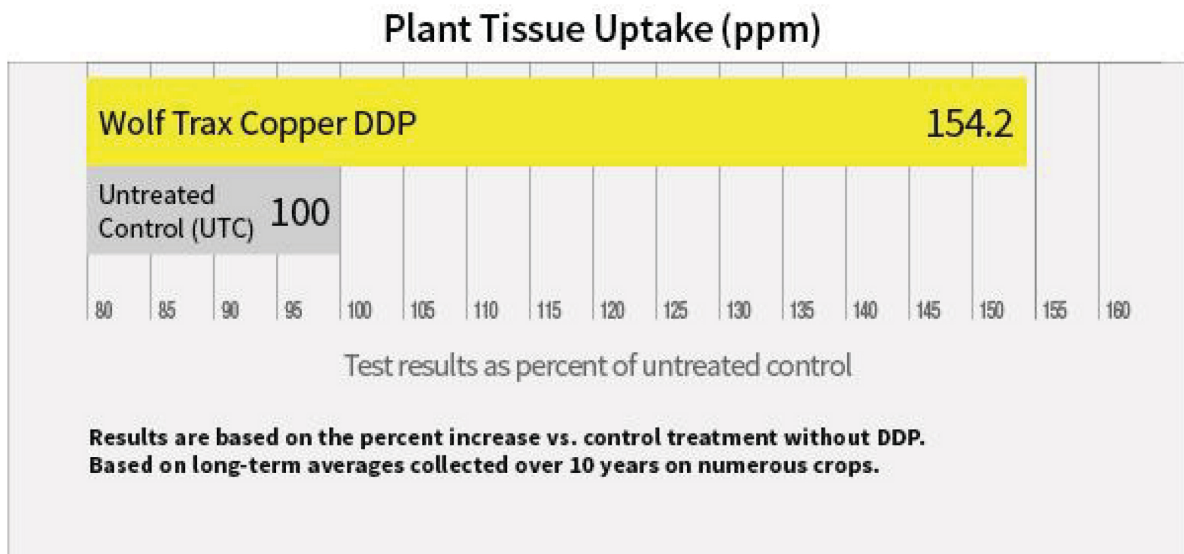

[EvenCoat™ Technology >](#)

Earlier Uptake

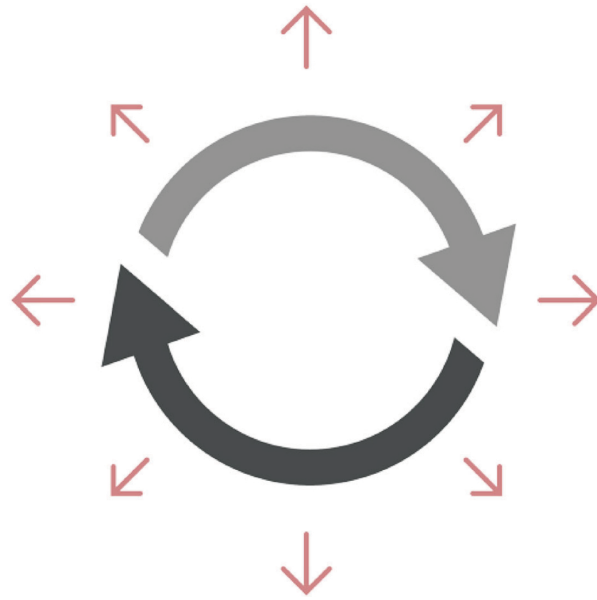

Wolf Trax Copper DDP features the *PlantActiv*[™] Formulation, which optimizes particle size for earlier plant uptake. The nutrients are also formulated to resist soil tie-up and remain plant-available.

[PLANTACTIV[™] Formulation >](#)

Long-Lasting Nutrition

Wolf Trax Copper DDP features DUAL ACTION[™] Availability, which provides plants the nutrition they need throughout the growing season. One source of copper is quickly available for plants, while the other source releases more slowly. With this DUAL ACTION Availability, plants benefit from early and prolonged feeding of copper.

The Role of Copper in Crop Production

- Copper drives photosynthesis and respiration
- Copper is a component of lignin, which forms cell walls and helps fight disease
- Copper is important to seed and fruit set
- Copper affects the flavor, storability and the sugar content of fruit

Reasons for Copper Deficiency	Common Crops Affected	Visual Deficiency Symptoms
<ul style="list-style-type: none">• High soil PH• High soil organic matter• Leaching in coarse soils• High phosphate, iron or manganese soil levels	<ul style="list-style-type: none">• Cereals• Apples• Corn• Field Beans• Potatoes• Canola• Leafy Greens	<ul style="list-style-type: none">• Leaf tips curling, dying and other distortions on young tissue• Increased disease incidence

Growing Forward™ Guarantee

Wolf Trax DDP Nutrients are guaranteed to correct a nutrient deficiency when applied at the recommended rates, or product will be provided at no cost to you.
